

Parent Information Presentations

Our Goal:
To shield children from online content that they are not emotionally capable of handling.

Cyber Safety

Solutions for the modern parent

Cyber Safety - What is it - and what can parents do about it?

At Relief List, we not only provide information on Cyber Safety, we provide solutions and ongoing support for this rapidly growing issue for the modern day parent. We cover:

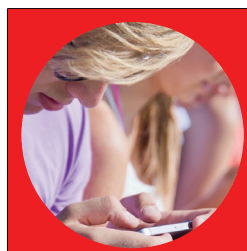

Online Stranger Danger

1 in 5 children are being approached

Online Pornography

Is reaching 44% of children (ages 9-16)

Online Addiction

Is affecting 1 in 3 children (ages 9-16)

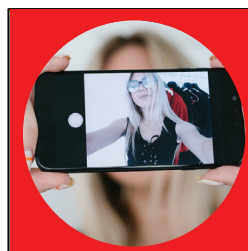

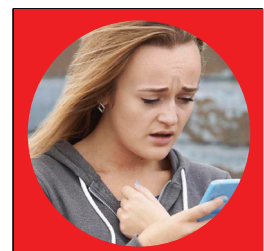

Image-Based Abuse

Is affecting 1 in 6 teenagers (ages 15-17)

Cyberbullying

Is being experienced by 1 in 3 teenagers

Our information nights are detailed, informative and in language you will understand ensuring you walk away fully informed - and we provide ongoing support.

Most importantly, we can provide solutions to the Cyber Safety issues. Not just tips - we provide information on real sustainable user-friendly hardware solutions to control content and access to the internet to help protect children and to put parent's minds at ease.

We put parents back in control.
